

Would you like to learn more about Fabreeka?

## Fabreeka® offers Seminars on Thermal Break Solutions, Vibration Isolation and Shock Control

*Topics of discussion may include:*

- ◆ **Thermal Break Material**
  - ◆ Thermal Bridging
  - ◆ Material Characteristics
  - ◆ Thermal R-Values
- ◆ **Vibration Control**
  - ◆ Machines in Buildings
  - ◆ Foundation Isolation
  - ◆ Spring rate/Damping
  - ◆ Transmissibility
  - ◆ Floor response/Structure support
- ◆ **Bearing Pads**
  - ◆ Dynamic vs Static Loads
  - ◆ Bearings for Steel Expansion
  - ◆ Material Characteristics
- ◆ **Specific Application discussion**

This will be an informal presentation. Questions and comments are welcome during the seminar. Lunch will be provided.

Please contact Michael Gutknecht at 339-206-1415 or MikeG@fabreeka.com for more information.
